

Ali & Sons

OFFSHORE & MARINE

QUALITY POLICY

Ali & Sons Marine Engineering Factory – Sole Proprietorship L.L.C, A Member of Ali & Sons Holding L.L.C's quality policy is to achieve sustainable and continual growth by providing products & services related to Industrial, Marine, Petroleum, Petrochemical & Natural Gas industries which consistently satisfy the needs and expectations of its customers.

This level of quality is achieved through adoption of a system of procedures and work instructions that reflects the competence of Ali & Sons Marine Engineering Factory – Sole Proprietorship L.L.C, A Member of Ali & Sons Holding L.L.C. to existing customers, potential customers, interested parties and independent auditing authorities.

The achievement of this policy involves all interested parties who are responsible for quality, resulting in a continually improving working environment for all. This policy is provided and explained to all interested parties by the General Manager or the Quality Manager as needed.

The management is committed to comply with the requirements of ISO 9001 and API Spec Q1 and continually improve the effectiveness of its Quality Management System. To achieve and maintain the required level of assurance, the General Manager retains responsibility for the Quality Management System with routine operations controlled by the Quality Manager. The Quality Policy and Quality Objectives are reviewed during the Management Review Meeting for its continuing suitability.

The objectives of the Quality Policy are:

- ✓ To maintain and continually improve the effectiveness of Quality Management System, complying with International Quality Standard ISO 9001 and API Spec Q1.
- ✓ To maintain and continually improve the Product Quality requirements complying with Industry Specific requirements such as API Spec. 2B, ASME BPV Codes for Stamps A, PP, S, U & U2, NB Inspection Code for Stamps R & NB, Rules of Classification of Ships, Guidelines for Building and Classing of Mobile Offshore Units and various structural fabrication standards.
- ✓ To achieve and maintain a level of quality which enhances customer satisfaction and the Company's reputation.
- ✓ Specific objectives and targets are set and monitored at regular management review meetings.
- ✓ To ensure compliance with relevant statutory and regulatory requirements.
- ✓ To endeavor, at all times, to maximize customer satisfaction with the products and services provided to interested parties.
